

Dear Colleagues,

It is a pleasure for us to announce the 7th National Hernia Congress. Our congress will take place at 'Wyndham Grand Izmir Hotel', between October 3-6, 2019 in wonderful Izmir.

Following the sequence of our tradition, during the congress, there will be both national and international well-known expert panelists and speakers. All will share their experience with us. Besides, there will be a live broadcast of different types of hernia surgery from the operating theatres of Ege University Hospital. Experts will show us the pearls of the approaches and will share their recommendations.

This time we have marked the main theme of the Congress as 'Updates in Hernia Surgery'. We meticulously work on a highly rich scientific content and will cover all minimally invasive approaches, including robotic surgery.

To promote the motivation of our young colleagues, we will organize a pre-congress cadaver course to enhance the knowledge of hernia anatomy.

Hence, we will be very much honored to see you in wonderful Izmir where a charming social life meets with rich cultural and natural heritage.

I am looking forward to meeting you.

Dr. Sinan Ersin  
Congress President
